

To determine the height of glass doors & sidelights

H = Overall opening height

DH = Glass door height

DH = H less 37mm

SL = Glass sidelight height

SL = H less 47mm

With the Metro Glass Glide sliding door & sidelight system there are numerous set out options.

Above are two of the more common options.

Note: It is recommended that the door and sidelight overlap be 35mm each side.

When glazing side lights specify CS25 channel.
