DETAILS

Modern Square Handrail Bracket - Friction Fit

- Suitable for 12mm toughened glass
- Designed to allow the handrail to be installed away from the glass without the need for holes & silicon
- New design also keeps finger prints off the glass
- Suitable for use with Spartan Spigots to ensure light can still illuminate up through the edge of the glass at night

FINISHES

- Polished
- Satin
- Matt Black

Base material: 2205 Stainless Steel
